

Don't Trade Quality for Speed in Your Pentest Reporting

Manual pentest reporting can be inconsistent and error prone in addition to tedious and time-consuming. Build better reports faster with a pentest reporting automation solution.

Fast Track Your Pentest Reporting Journey

By leveraging automation, you can generate comprehensive reports in a fraction of the time it would take manually. Introducing PlexTrac: your express route to [faster pentest reports, all without compromising quality or consistency.](#)

Meet PlexTrac | As a leading automated pentest reporting platform, PlexTrac offers:

User-Friendly Interface

Time-Saving Efficiency

Collaboration Boost

Customizability at Your Fingertips

Let's now delve into the step-by-step process of using PlexTrac to create a high-quality pentest report in as little as 5 minutes.

Your Roadmap to 5-Minute Pentest Reporting in PlexTrac

STEP 1

Create New Report

* Report Name
New Pentest Report

* Status
Draft

Report Template
Select Report Template

External Pentest
Internal Pentest
Pentest Template - Spanish

Create a New Penetration Test Report

Assign a report template, set start and end dates, and fill in custom fields using short codes.

STEP 2

Add Sections from NarrativesDB

Search NarrativesDB Filter by Tag

Sample Repository
Robust Asset Inventory and Control
%Client Name% has a robust process for maintaining an accurate asset inventory, which is crucial for both routine vulnerability management and reactive efforts in response to intrusions or exposure to zero-days. %
SAM-1 Key_Strength

Construct Attack Narrative

Utilize the Content Library for pre-built narratives, and add an attack narrative section using short codes.

STEP 3

Edit Finding

Finding Details Affected Assets Custom Fields Screenshots/Videos Code Sample

* Title
Netatalk Opensection Remote Code Execution

* Severity
Informational Low Medium High Critical

Score Type	Label	Value	Calculation
CVSS v2.0	CVSS Base Score	CVSS v2.0	CVSS2#AV/N/AC/L/Au/N/C/C/I/A/C

Add Findings and Evidence

Edit findings, assign criticality, include evidence manually or from common tools, and incorporate context and assets for comprehensive insights.

STEP 4

Report Narrative: Q1 Report

Clients Acme Corporation Reports Q1 Report Narrative

Readout Details Narrative Findings Assets Artifacts Attack Po

EDIT NARRATIVE Report Templates: Add Narrative from Template

Title: Introduction

Collaborate and Review

Easily engage others in a peer review, collaborate on findings' status and delivery, and efficiently review and sort findings.

STEP 5

Select Export Template

Template Name
Upload Template
 Custom Acme Library Single Scope v1-2
 Acme Library Multi Scope v1-4-1(4)

Generate the Final Deliverable

Choose from stock templates or customized options, and review the report structure and sections, or share results dynamically via the Client Portal.

Plus, Plenty of Additional Features

PlexTrac seamlessly ingests data from common tools, and includes an actionable dashboard and analytics for a holistic overview of findings, assets, and status – enhancing visibility and control.

The Need for Speed and Efficiency

Create a report in 5 minutes or less

Cut the reporting cycle by 70%

Boost efficiency by 30%

Watch how PlexTrac makes creating a 5-minute quality pentest report a reality!

Let PlexTrac Handle the Report, While You Focus on Hacking
